

OVERVIEW

MEDITECH Services

Maximize the Value of your MEDITECH Investment

> WHY CERECORE?

- + 30+ years' experience implementing and optimizing across all MEDITECH platforms – with proven results.
- + End-to-end services from assessment and planning to managed services and ongoing support.
- + Recognized Excellence: READY-Certified 5-Star Hosting Provider
- + Healthcare operations legacy and clinical-experienced staff informs our patient care focus, collaborative approach, and pragmatic advice.

Are you looking to do more with MEDITECH?

Looking to unify the EHR across your care settings, make it easier to use, or more cost-effective to manage? At CereCore, our success extends across all MEDITECH platforms, from Magic to Expanse. With over three decades of experience and an operator legacy, we've dealt with more EHR transitions and career-defining projects than most organizations will in a lifetime. When you work with us, you gain a partner with deep knowledge of MEDITECH, its capabilities, its impact on patient care and providers, and the expertise to help you [maximize the value of your MEDITECH solution](#) today and in the future.

End-to-end services that help you focus on what you do best

We focus on pragmatic, complete, and cost-effective solutions that help you focus on what you do best — patient care.

- [Assessment](#), implementation, optimization and consulting
- Application management and upgrades
- Hosting, virtualization, and disaster recovery
- Support – at-the-elbow, virtual, and 24/7
- Project management and training – documentation, virtual, or on-site
- Automation, scripting, and testing
- Regulatory reporting & submissions
- Legacy data archive, data management, and third-party data integration

No other partner possesses the depth, breadth, and understanding of MEDITECH and healthcare operations than CereCore.

- CereCore's MEDITECH services are delivered by a team of experienced clinicians, power-users, and hospital operators that share an unyielding commitment to patient care. Our background in clinical care, combined with our extensive consulting experience, sets us apart.
- Extensive experience with four MEDITECH platforms (Expanse, 6.x, C/S, Magic).
- Clinical and professional certifications include RHIA, CPC, DO, CMIO, RN, cPHMIS, CPhT, ASCP, and Pharm.D.
- Successful industry-milestone implementations including the first US Acute + Ambulatory Expanse go-live and the first Expanse go-live in the UK.
- Premier [MEDITECH hosting provider](#) (complete offering with application maintenance and minor changes included).
- Quality is ensured through use of our fully-licensed MEDITECH Expanse instance – no solution is tested in your production system.

"I couldn't have made it without CereCore during my first year at Ohio Valley Hospital, given the challenges we were facing. CereCore pulled together very competent resources at a moment's notice throughout the project. For example, as we were optimizing one of our modules in MEDITECH, we were completely lost. Within a month, however, CereCore had us exactly where we needed to be."

ERIC LAWLOR
Executive Vice President
Ohio Valley Hospital
